Detail may not add to total due to rounding.

- (1) Veterans serving in more than one period are counted only once in the total.
- (2) This sum includes veterans who served in multiple periods.
- (3) For this calculation, the GW is assumed to end on Sep. 30, 2003.
- (4) Veterans who served both in wartime and peacetime are only counted as serving in wartime.
- (5) A small number of WW I veterans could be included in these two categories. The number of WW I veterans is estimated to be less than 500.
